

Making your ownership experience even more rewarding

A great car is just the beginning. After you’ve bought your Focus, we support you with a wide range of services that aim to make you one of the most satisfied vehicle owners in New Zealand.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Sustainability

Using advanced technology, we’re committed to creating vehicles with improved fuel economy, reduced CO<sub>2</sub> emissions and a lower overall cost of ownership.

Safe

Ford’s Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Cars that park themselves, windscreen wipers that know when it’s raining – just some of the many clever solutions from Ford that make life a little easier.

3 Year/100,000km Warranty<sup>1</sup>

Covers your Focus against defects in factory materials or workmanship for the first 36 months or 100,000 kms – whichever comes first.

20,000 kms Service Intervals<sup>1</sup>

Improved oil technology and engineering refinement has enabled Ford to offer normal scheduled service intervals of 20,000 kms or every 12 months whichever comes first.

Ford Roadside Assistance<sup>1</sup>

For the first 36 months, Ford gives new Focus owners complete peace of mind motoring with New Zealand’s most reassuring roadside emergency service. Free accommodation or a free rental car are just some of the outstanding features of this unique service.

Five Year Perforation Corrosion Warranty<sup>1</sup>

Covers the original vehicle’s body against perforation corrosion for the first five years of its life.

Ford Customer Assistance Centre

You’ll always find us responsive to your needs. Telephone 0800 FORD NZ (0800 367 369).

Finance and Lease Options

Choosing how to finance your vehicle is a major decision – My Ford Finance can get you the Ford you want, when you want it. Fully maintained or non-maintained operating leases remove the worry

of depreciation, inflation and more importantly do not tie up your capital in an asset. Other forms of financing are also available. Flexible deposits and repayment terms mean that a plan can be structured for your specific needs. See your Ford Dealer to discuss your financing or leasing requirements.

MY FORD FINANCE

Ford Solutions

You deserve to have a worry-free journey every time you set off in your Ford. Ford Solutions provides you with a ‘no problems’ solution tailored to suit your lifestyle. The range of services includes:

- Motor Vehicle Insurance – Three levels of cover offer you hassle-free insurance coverage
- Guaranteed Asset Protection (GAP) Insurance – Provides cover for the ‘gap’ between the value of your insurance payout and the amount owing on your finance or lease agreement
- Payment Protection Insurance – Helps protect your payments against unforeseen circumstances, such as redundancy, illness and death
- New Vehicle Extended Mechanical Breakdown Insurance – Acts as an extension of your original Ford warranty
- Extended Roadside Assistance – Extends the premium roadside assistance which is standard on new Ford vehicles

Simply call in and see your participating Ford Dealer today.

<sup>1</sup> Conditions apply. Further information on these warranties and services may be obtained from your authorised Ford Dealer.

This brochure was designed to provide you with a general introduction to your Focus and was correct at time of going to print. However, Ford’s policy is one of continuous product development. The right is reserved to change specification, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer, FORD MOTOR COMPANY OF NEW ZEALAND LIMITED. Private Bag 76-912, Manukau City, New Zealand. Printed February 2016. FOR4693

Go Further

A promotional advertisement for the Ford Focus. Three cars are shown: a silver Focus Sport on the left, a red Focus Trend in the background, and a blue Focus Titanium in the foreground on the right. They are parked on a paved surface with a city skyline in the background under a warm, golden light. The cars have their respective model names on the front license plate area.

# START MORE THAN A CAR

The always crowd-pleasing Focus is now even better – with sleek modern styling, voice control, a zippy and efficient engine and a 5-Star Euro NCAP safety rating.

## ADRENALIN COMES STANDARD

Everything about the Focus ST is engineered to excite. From the powerful engine to the sleek muscular design, it's 100% car, 0% apology.

Focus Titanium Hatch shown

# CUTTING EDGE DESIGN

Focus combines style with ingenious design to achieve a progressive and athletic look.

**Style comes standard.** With a transformed front-end design, sharp detailing, and new alloy wheels—the new Focus is a distinctive presence wherever it goes.

**Stand out from the crowd.** The body styling kit<sup>1</sup> offers an aerodynamic rear spoiler, side skirts, and front and rear bumper extensions.

**Safety meets style.** LED Daytime Running Lights<sup>1</sup> help make you more visible to other drivers, while the front fog lights give Focus an athletic appearance.

**Striking and sporty.** The unique shark-fin LED tail lamps<sup>1</sup> perfectly connect to the bodyline, creating a sense of energy from every angle.

<sup>1</sup>. Available on Sport, Titanium & ST models only.

Focus Titanium interior shown

# CLEAN AND MODERN

The clean, modern interior with intuitive controls plays a large role in delivering a superior driving experience.

**A crystal clear** 8-inch colour touchscreen displays everything from navigation information to videos and photos.

**Integrated functionality** with a centre console offering a USB port, 12-volt power socket, and adjustable cup holders, for improved storage capacity and greater convenience.

**A sporty 3-spoke steering wheel** perfectly compliments the new streamlined interior.

**Red ambient lighting**<sup>1</sup> brings your interior to life.

<sup>1</sup>. Available on Sport, Titanium & ST models only.

# EFFORTLESS CONTROL

The new Focus does more than make life easier. It brings the world to you.

**Just say the word.** SYNC®2 does the rest. Use simple voice commands to make calls, play music, adjust the interior climate, use satellite navigation, and even have text messages read aloud¹. SYNC®2 also includes an 8-inch colour touchscreen, a USB port, and *Bluetooth*®² connectivity.

**Just go.** With keyless entry and push button start³ your keys never need to leave your pocket. Your Focus' keyless entry feature senses the key fob in your pocket and unlocks your door for you to open. Once inside, put your foot on the brake, press the start/stop button, and you're away.

**Younger drivers in the family?** MyKey® lets you program the key fob to limit car settings – like top speed, audio volume and the ability to make and take calls.

**Be cool.** On a hot day, open all your windows and cool your car quickly before you even get in. Just press a button on your key fob and all the windows open automatically³.

1. Depending on your mobile phone. 2. *Bluetooth*® is a registered trademark of Bluetooth SIG Inc. and is used under licence. 3. Available on Sport, Titanium & ST models only.

Focus Titanium Hatch interior shown

Focus Titanium Hatch interior shown

# DRIVE WITH EASE

Cameras and sensors make parking easier than ever. Enhanced Active Park Assist<sup>1</sup> even enables Focus to park itself for you!

**Perfect parking.** Enhanced Active Park Assist<sup>1</sup> helps you find a parking space. Then it steers you in hands free. All you have to do is operate the accelerator, brake and gears. The perfect parallel or perpendicular park, every time.

**We've got your back.** The Rear View Camera turns on automatically when you put your Focus into reverse, allowing you to see objects behind you, while the beep of the rear parking sensors tells you how close you are.

**No worries.** The freedom of the open road is even better with Cruise Control. At the same time, Focus' Speed Limiter helps you stay within speed limits.

ENHANCED ACTIVE  
PARK ASSIST<sup>1</sup>

CRUISE  
CONTROL

Focus Sport Hatch shown

<sup>1</sup>. Available on Titanium models only. Enhanced Active Park Assist is a driver assistance feature which is supplemental and does not replace driver's judgement.

# SERIOUSLY FUN TO DRIVE

The new Focus combines our latest engine and transmission technology to deliver a dynamic driving experience.

**Best of both worlds.** Why choose between power and fuel economy when you can have both? Focus' EcoBoost™ engine gives you the performance you want, with fuel economy you'll love.

**Enjoy a smooth ride** with all-new 6-speed automatic and manual<sup>1</sup> transmissions.

**Great handling.** Sports suspension<sup>2</sup> connects you to the road like never before and delivers an exhilarating drive.

**Smooth hill starts every time.** Take your foot off the brake and Hill Launch Assist holds the brakes for a few seconds, allowing time for you to push the accelerator without rolling back.

1. Available on ST models only. 2. Available on Sport & Titanium models only.

ACTIVE  
CITY STOP<sup>1,2,3</sup>

Focus Titanium Hatch shown

# PEACE OF MIND

Focus is packed full of safety, driver assist and security features. So you can drive with greater confidence and peace of mind.

**Safety comes standard.** With six airbags, Electronic Stability Program and Anti-Lock Braking – it's little wonder it is the safest Focus yet.

**Helps avoid a collision.** Sensors scan the road ahead. If they detect a potential collision, Active City Stop<sup>1,2,3</sup> applies the brakes automatically to help avoid or minimise an impact.

**Your extra set of eyes.** Blind Spot Information System (BLIS)<sup>1,3</sup> can sense if a vehicle enters your blind spot and alerts you with indicator lights in the side mirrors. When reversing, it will also detect and alert you to vehicles approaching the rear of your vehicle from either side.

**Added security.** Focus comes with a standard immobiliser, which helps reduce the risk of theft by ensuring your Focus won't start if your key is not present.

1. Available on Titanium models only. 2. Active City Stop operates between speeds of 3.6km/h and 50km/h. It is not a substitute for driver alertness. Function may not operate in some driving and road conditions or adverse weather. 3. Driver-assist features are supplemental and do not replace the driver's judgement.

# TREND

The Focus Trend effortlessly merges stylish design with innovation and convenience.

- 1.5L EcoBoost™ petrol engine with 6-speed automatic transmission
- 5-Star Euro NCAP safety rating
- 8" colour touch screen

S = Standard.    – = Not available.

1. Available from January production. 2. The declared fuel consumptions and CO<sub>2</sub> emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008. 2. 91 RON safe. For optimum engine performance, 95-98 RON unleaded petrol is recommended. 4. Driver assist features are supplemental and do not replace drivers judgement. 5. All performance data for petrol models measured using 95RON fuel. 6. When fitted with a genuine Ford towbar. 7. *Bluetooth®* is a registered trademark of Bluetooth SIG Inc., and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the *Bluetooth®* system prior to making a purchase decision. 8. Measured in accordance with ISO 3832. Dimensions may vary dependent on the model and equipment fitted. 9. Available until end of July production. 10. Available from April production. 11. Available from August production.
